

Kizomba Retreat Angola

12 – 22 June 2026 · Luanda

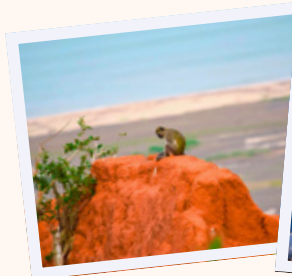

More than a trip, this is a retreat. Ten days designed not only to discover Angola, but to live it through dance, music, culture, and authentic connections.

The rhythm will guide us: dancing at Luanda's most iconic parties, joining group classes in local dance schools and socials by the pool, and enjoying a private class for a personal touch.

Meals will become moments of connection, shared tables with locals, authentic dishes, and unforgettable dinners set against the glow of the Atlantic sunset.

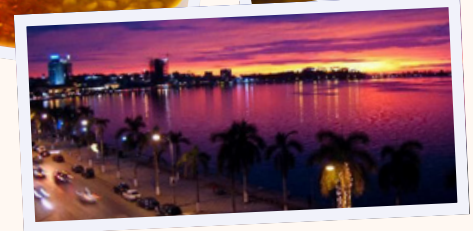

Beyond the dance floor, we will explore Angola's treasures: the dramatic landscapes of Miradouro da Lua, Luanda's historic neighborhoods, lively markets, and the seaside promenade. Each day reveals a different side of the country.

Along the way, you will meet legends of the Angolan dance and music scene, and experience exclusive moments with local artists in places that have shaped kizomba and semba.
